INDEX TO VOLUME 53

Book Reviews and Obituaries are indexed under these headings in alphabetical order under the letters B and O, respectively.

Abdomen

gas cysts (pneumatosis cystoides intestinorum hominis): analysis with report of case and critical review of literature [Koss], 523

Abnormalities and Deformities: See under names of organs and regions, as Heart

Adrenal Preparations: See also Cortisone

renal and vascular lesions elicited by "renin" in rats with desoxycorticosterone hypertension [Masson & others], 217

Age, Old: See Old Age

Aikens, R. L.

Relapsing myositis, 497

Alexander, W. S.

Coronary blood vessel arising from cardiac ventricle: report of case showing other cardiac anomalies, 187

American Academy of Forensic Sciences, 98

American Association of Pathologists and Bacteriologists, 195, 601

American Board of Pathology

examination: questions on exfoliative cytology, 98

American Registry of Pathology, 195

Anaphylaxis

studies on hypersensitivity arteritis in rabbits: observations on animals subjected to numerous large injections of horse serum [Orbison], 352

Anemia

sickle cell: massive fat embolism following marrow infarction in [Wyatt & Orrahood], 233

Aneurysm

dissecting, of aorta [Gore & Selwert], 121

dissecting, of aorta, pathogenesis [Gore], 142

Anomalies: See under names of organs and regions

Aorta

abnormalities: aortic origin of right pulmonary artery and absence of transverse aortic arch: with patency of interventricular septum and ductus arteriosus [Jew & Gross], 191

aneurysm: See Aneurysm

arteriosclerosis in dog: spontaneous lesions [Lindsay & others], 281

Arachnoid

granulation: role in development of meningioma [Wolman], 70

Arteries: See also Aorta; Arteriosclerosis; Arteritis; Blood Pressure; Blood Vessels; Hypertension

coronary: See Coronary Vessels

pulmonary: aortic origin of right, and absence of transverse aortic arch: with patency of interventricular septum and ductus arteriosus [Jew & Gross], 191

renal and splenic: comparison of aging processes in Negro and white races [Handler & others], 29

Arteriosclerosis

in dog: spontaneous lesions in aorta and coronary arteries [Lindsay & others], 281

experimental atheroarteriosclerosis: localization of lipids in experimental arterial lesions of rabbits with hypercholesteremia [Kelly & Hass], 419

experimental cholesterol atherosclerosis: studies with vitamin A [Oppenheim & Bruger], 520

Arteritis

hypersensitivity, in rabbits: effect of acute arteritis on blood pressure: observations on animals subjected to numerous large injections of horse serum [Orbison], 352

Associations: See Societies

Aterman, K.

Some local factors in restoration of rat's liver after partial hepatectomy: glycogen; Golgi apparatus; sinusoidal cells; basement membrane of sinusoids, 197

Some local factors in restoration of rat's liver after partial hepatectomy: "watery vacuolation"; relation to vacuolation of anoxia, 209

Atherosclerosis: See Arteriosclerosis

Avitaminosis: See under Vitamins

INDEX TO VOLUME 54

Book Reviews and Obituaries are indexed under these headings in alphabetical order under the letters B and O respectively.

Abnormalities and Deformities: See under names of organs and regions

Adrenals
and nephrotoxic globulin nephritis: relation of severity to adrenal size [Lippman & others], 169

American Academy of Forensic Sciences, 504

American Association of Blood Banks, 592

American Association of Pathologists and Bacteriologists, 114

Amyloid Substance
polysaccharide nature of corpora amylacea [Steele & others], 94

Amyloidosis
amyloid localized to heart: analysis of 29 cases [Josselson & others], 359

Anemia
pernicious: nucleic acid in cells of bone marrow; changes in content before and after specific treatment [Menten & Willms], 351

Aneurysm
aortic arteriosclerotic, increasing incidence: analysis of 6,000 autopsies [Maniglia & Gregory], 298

Anoxia: See Oxygen, deficiency
intrauterine: See Asphyxia neonatorum

Aorta
arteriosclerotic aneurysms, increasing incidence: analysis of 6,000 autopsies [Maniglia & Gregory], 298

Appointments, 504

Arteries: See Aorta; Arteriosclerosis; Arteritis; Cardiovascular System; Hypertension
coronary: See Coronary Vessels

Arteriosclerosis
aortic, cardiac, and other vascular lesions in thyroidectomized-hypophysectomized dogs [Lindsay & others], 573
effect of thyroxin and 2,4-dinitrophenol on retrogression of experimental atherosclerosis [Bainborough & McMillan], 204
increasing incidence of arteriosclerotic aortic aneurysms: analysis of 6,000 autopsies [Maniglia & Gregory], 298

Arteritis
granulomatous giant cell (temporal): degeneration of elastic fibers in [Kimmelstiel & others], 157

Asphyxia
neonatorum: degenerative changes in liver associated with aspiration of vernix and hyaline membrane formation in lungs in intrauterine anoxia [Benitez], 378

Associations: See Societies

Atherosclerosis: See Arteriosclerosis

Aureomycin
pseudomembranous colitis following [Reiner & others], 39

Avitaminosis: See under Vitamins

Awards
Jean Oliver awarded Gerhard Medal, 592

Bainborough, A. R.
Effect of thyroxin and 2,4-dinitrophenol on retrogression of experimental atherosclerosis, 204

Barber, A.
Effects of cortisone on nonperforating wounds of cornea in normal and scorbutic guinea pigs, 334

Barium
sulfate: pulmonary reaction in rats [Huston & others], 430

Benitez, R. E.
Degenerative changes in liver associated with aspiration of vernix and hyaline membrane formation in lungs in intrauterine anoxia, 378

Bile Ducts
atresia, form of hepatitis in neonatal period simulating [Craig & Landing], 321
common, granular-cell myoblastoma: report of case with autopsy findings [Coggins], 398

Biliary Tract
morphology and pathogenesis of biliary cirrhosis [Moschcowitz], 259

Bioflavonoids: See Flavones

Black, M. M.
Observations on histogenesis of Brenner tumor: report of case showing ovarian and endometrial involvement, 139

Bladder
malakoplakia: report of 4 cases and discussion of etiology [Bleisch & Konikov], 388

Bleisch, V. R.
Malakoplakia of urinary bladder: report of 4 cases and discussion of etiology, 388

Block, M. A.
Effect of severe acute hemorrhage on kidney of rat, 443

Blood Pressure, High: See Hypertension

Bond, E.
Familial gingival hypertrophy in dog (boxer breed), 208

Bone Marrow
nucleic acid in cells, changing values during development of red blood cell [Menten & Willms], 343
nucleic acid in cells in pernicious anemia: changes in content before and after specific treatment [Menten & Willms], 351

Bones
endochondral growth in chick [Wolbach & Hegsted], 1
hypervitaminosis A and skeleton of growing chicks [Wolbach & Hegsted], 30
osteoma, ossifying fibroma, and fibrous dysplasia of facial and cranial bones [Smith & Zavaleta], 507
vitamin A deficiency in chick: skeletal growth and central nervous system [Wolbach & Hegsted], 13
vitamin A deficiency in duck: skeletal growth and central nervous system [Wolbach & Hegsted], 548

Book Reviews
Angewandte und Topographische Anatomie: G. Töndury, 235
Atlas of Gynecologic Pathology—Color Film Library and Descriptive Manual: A. V. Postoloff, M. Fillmore and D. H. Nichols, 116
Basic Principles of Cancer Practice: Book on Diagnosis, Prognosis, and Treatment of Human Neoplasms for General Practitioner and Medical Student: A. Nettleship, 319
Clinical Pathology of the Eye: Practical Treatise of Histopathology: B. Samuels and A. Fuchs, 118

Book Reviews—Continued
Experimentelle Histopathologie: Ein Einführungskurs: H. Meesen, 505

Verhandlungen der deutschen Gesellschaft für Pathologie: E. Randerath, 116
Year Book of Pathology and Clinical Pathology, 1951: edited by H. T. Karsner and A. H. Sanford, 506

Books Received, 115, 234, 319, 505

Bower, R.
Renal aplasia in sisters, 403

Bras, G.
Observations on formation of smallpox scars, 149

Bremer, J. L.
Dorsal intestinal fistula: accessory neurenteric canal: diastematomyelia, 132

Brenner Tumor
histogenesis: case showing ovarian and endometrial involvement [Kerpe & others], 139

Bright's Disease: See Nephritis

Burstone, M. S.
Familial gingival hypertrophy in dog (boxer breed), 208

Cancer: See also under names of organs and regions
effect of bioflavonoids on radiosensitivity of transplanted tumors: tolerance to contact radiation [Sokoloff & others], 197
experimental: ribonucleic acid in cytoplasm of liver cells: localization in hyperplasia and hepatoma produced by 2-acetylaminofluorene [Pirozynski & von Bertalanffy], 450
metastatic cystadenocarcinoma of ovary 33 years after removal of primary growth, 314
squamous-cell carcinoma, produced by methylcholanthrene in duck [Rigdon], 368
Symposium on Fundamental Cancer Research, 114

Carcinoma: See Cancer; and under names of organs and regions

Cardiovascular System
aortic, cardiac, and other vascular lesions in thyroidectomized-hypophysectomized dogs [Lindsay & others], 573
experimental hypertension and cardiovascular disease: method for rapid production of malignant hypertension in bilaterally nephrectomized dogs [Orbison & others], 185
lesions as result of joining rats in parabiosis [Zeckwer], 84

Cartilage
epiphyseal, lesions in rats on diet deficient in potassium [Coben & others], 119

Cat Scratch Fever: See Lymph Nodes

Cells
pattern of mitotic activity in oral epithelium of rabbits [Henry & others], 281

Chalkoff, I. L.
Arteriosclerosis in dog; aortic, cardiac, and other vascular lesions in thyroidectomized-hypophysectomized dogs, 573

Chloramphenicol
pseudomembranous colitis following [Reiner & others], 39

Chloromycetin®: See Chloramphenicol

Cholesterol
specificity of Schultz histochemical test for demonstrating cholesterol in tissue [Kent], 439

Christian, C. L.
Studies on experimental hypertension and cardiovascular disease: method for rapid production of malignant hypertension in bilaterally nephrectomized dogs, 185

Cicatrix
observations on formation of smallpox scars [Bras], 149

Cirrhosis: See Liver
